We intend to be the first choice in staffing and recruiting for healthcare specialists and employers who seek the best.

We do not take our role in the healthcare world lightly: Our ongoing pursuit is to raise the quality of healthcare for all Americans by matching highly qualified and talented professionals with equally promising hospitals, medical offices and related facilities.

For employers and facilities. We serve the top U.S. teaching facilities, outpatient centers, city and rural hospitals, clinics, skilled nursing facilities and schools.

It's about the relationships. We are best known for establishing strong, positive relationships with hospitals and healthcare providers – and the people who want to work for them.

"Just wanted to thank you again for encouraging me to pursue this new job. I would never have sought out this opportunity without you."

We're the fastest growing medical recruitment firm in the industry.

Our expert recruiters and specialists are the best in the industry when it comes to:

- ▶ **Tapping** into the pools of the most qualified healthcare professionals.
- ▶ **Acquiring** the most up-to-date information about professional needs and available positions.
- ▶ **Placing** the right resumes in the right hands.
- ▶ **Negotiating** details such as salary and start date to benefit all parties.

"Medical Connections was unlike any of the other recruiters I worked with. Your team has the skills that many other recruiters can learn from."

We are committed to matching real solutions to your very real employment and placement needs.

The choice for the best in healthcare. Finding first-rate, qualified medical staff has always been time-consuming and costly.

And on the other end, finding the best positions, whether temporary, traveling or permanent, can be a long and frustrating process for even the best applicants.

"After posting my resume online, I received hundreds of calls from recruiters. Of all those, my Medical Connections contact stood out as 'number one' in customer service. He paid attention to details that were important to me and did not waste my time. He demonstrated excellent follow-up, efficiency and professionalism."
